

Teleport is deeply committed to your right to privacy and takes your privacy seriously. We have very strict privacy policies and strive to always keep your personal information secure. This privacy policy governs your use of the software application Teleport for mobile devices that was created by Buddie Co. The application allows you to transport someone in a different location to your location. Because we gather important information from users, we have established this Privacy Policy as a means to communicate our information collection, use and dissemination practices. Each time you use Teleport or provide us with information, by doing so you are accepting the practices described in this privacy policy at that time. In order to access and use the application and/or Services, you must agree to our Terms of Use and any other applicable terms.

SCOPE AND APPLICATION

This Privacy Statement ("Statement") applies to persons anywhere in the world who use our apps or Services to request transportation, delivery, or other on-demand services ("Users"). This Statement does not apply to information we collect from or about drivers, couriers, partner transportation companies, or any other persons who use the Teleport platform under license (collectively "Drivers"). If you interact with the Services as both a User and a Driver, the respective privacy statements apply to your different interactions.

INFORMATION YOU PROVIDE TO US

We collect information you provide directly to us, such as when you create or modify your account, request on-demand services, contact customer support, or otherwise communicate with us. This information may include: name, email, phone number, profile picture, pictures on your device, items requested (for delivery services), delivery notes, and other information you choose to provide.

INFORMATION WE COLLECT THROUGH YOUR USE OF OUR SERVICES

When you use our Services, we collect information about you in the following general categories:

Location Information: When you use the Services for transportation or delivery, we collect precise location data about the trip. If you permit the Teleport app to access location services through the permission system used by your mobile operating system ("platform"), we may also collect the precise location of your device when the app is running in the foreground or background. We may also derive your approximate location from your IP address.

Contacts Information: If you permit the Teleport app to access the address book on your device through the permission system used by your mobile platform, we may

access and store names and contact information from your address book to facilitate social interactions through our Services and for other purposes described in this Statement or at the time of consent or collection.

Transaction Information: We collect transaction details related to your use of our Services, including date and time the service was provided, amount charged, distance traveled, and other related transaction details.

Usage and Preference Information: We collect information about how you and site visitors interact with our Services, preferences expressed, and settings chosen.

Device Information: We may collect information about your mobile device, including, for example, the hardware model, operating system and version, software, unique device identifier, and mobile network information.

Log Information: When you interact with the Services, we collect server logs, which may include information like device IP address, access dates and times, app features or pages viewed, app crashes and other system activity, and type of browser.

The application is not directed to children and children are not eligible to use our Services. Protecting the privacy of children is very important to us. We do not collect or maintain Personal Information from people we actually know are under 18 years of age, and no part of our Services is designed to attract people under 18 years of age. If we later learn that a user is under 18 years of age, we will take steps to remove that user's Personal Information from our databases and to prevent the user from utilizing the Services. If a parent or guardian becomes aware that his or her child has provided us with information without their consent, he or she should contact us at privacy@teleportapp.co.

IMPORTANT INFORMATION ABOUT PLATFORM PERMISSIONS

Most mobile platforms (iOS, Android, etc.) have defined certain types of device data that apps cannot access without your consent. And these platforms have different permission systems for obtaining your consent. The iOS platform will alert you the first time the Teleport app wants permission to access certain types of data and will let you consent (or not consent) to that request.

YOUR CHOICES

ACCOUNT INFORMATION

You may correct your account information at any time by logging into your online or in-app account. If you wish to cancel your account, please email us at support@teleportapp.co. Please note that in some cases we may retain certain information about you as required by law, or for legitimate business purposes to the extent permitted by law. ACCESS RIGHTS

Teleport will comply with individual's requests regarding access, correction, and/or deletion of the personal data it stores in accordance with applicable law.

LOCATION INFORMATION

We request permission for our app's collection of precise location from your device per the permission system used by your mobile operating system. If you initially permit the collection of this information, you can later disable it by changing the location settings on your mobile device. However, this will limit your ability to use certain features of our Services. Additionally, disabling our app's collection of precise location from your device will not limit our ability to collect your trip location information from a Driver's device nor our ability to derive approximate location from your IP address.

CONTACT INFORMATION

We may also seek permission for our app's collection and syncing of contact information from your device per the permission system used by your mobile operating system. If you initially permit the collection of this information, iOS users can later disable it by changing the contacts settings on your mobile device. The Android platform does not provide such a setting.

PROMOTIONAL COMMUNICATIONS

You may opt out of receiving promotional messages from us by following the instructions in those messages. If you opt out, we may still send you non-promotional communications, such as those about your account, about Services you have requested, or our ongoing business relations.

Information Retention

To preserve the integrity of Our databases, standard procedure calls for us to retain

information submitted by members for an indefinite length of time. Teleport understands your submissions as consent to store all your information in one place for this indefinite length of time, if we so wish. If required by law, as is the case to comply with the Children's Online Privacy Protection Act (COPPA), we will nullify member information by erasing it from our database. We will also respond to written member requests to nullify account information. Also, by using Teleport, you do hereby represent and warrant that you understand and agree that all information submitted by you through Teleport or otherwise to Teleport becomes the property of Teleport and may be used in the sole discretion of Teleport in accordance with this Privacy Policy and the Terms of Use.

Teleport employees will never proactively reach out to you and ask for any personal account information, including your password.

We use encryption to make sure your data is kept safe whenever it is transmitted between our servers and your smart phone. Please be aware that, although we endeavor to provide reasonable security for information we process and maintain, no security system can prevent all potential security breaches. Unauthorized entry or use, hardware or software failure, and other factors may compromise the security of user information at any time. As a result, Teleport cannot guarantee the security of any information you transmit to us, and you do so at your own risk. Teleport expressly disclaims any liability that may arise should any other individuals obtain the information you submit to Teleport.
